

Belgrade International Molecular Life Science Conference for Students

3rd Belgrade International Molecular Life Science Conference for Students - BIMLS 2017 will take place from **4th to 7th April 2017** in the Serbian Chamber of Commerce, Terazije 23/II, Main Hall. The conference aims to bring together **Bachelor, Master and PhD students** from faculties and institutes involved in life science research. It will enable exchange of research ideas and results, acquiring knowledge and skills and introducing students to research fields and career opportunities in life science. Participants will be offered a chance to present the results of their scientific work and discuss them with their colleagues, as well as with leading experts. The conference organizers are:

Institute of Molecular Genetics
and Genetic Engineering,
University of Belgrade

Regional Center for
Talented Youth
Belgrade 2

Serbian Society for
Molecular Biology

Abstract submission deadline is March 1st, 2017. All abstracts must be in English language and reporting on the original research. The text limit is 1500 characters without spaces, not including the title and the presenter information (no tables or figures are allowed). Submitting author is required to ensure that all listed co-authors have reviewed the abstract and takes responsibility for its content. Acceptance of the abstract in the program and assignment to a session are determined solely by the Scientific Committee based on a review of the abstract for the quality and originality of their research and scientific content. Detailed instructions for abstract submission and registration can be found on the website.

Registration deadline is March 20th, 2017. Registration fees are EUR 35 for presenting students and EUR 50 for non-presenting students and everyone else. Undergraduate students can register for the conference free of charge and they should submit motivation letter with their application.

The conference program will include lectures by experts, workshops and oral and poster presentations of the accepted abstracts. The best oral and poster presentations will be announced and awarded on the last day of the conference. The conference is organized in several thematic sessions.
