XIV International Agriculture Symposium "AGROSYM 2023"

About International Agriculture Symposium „AGROSYM“

AGROSYM is, since fourteen years, an annual platform for international scientific discussion on agriculture, food, rural development, environment and forestry. AGROSYM represents a good opportunity to exchange ideas, to strengthen existing and to create new academic networks, and to foster dialogue between the academia, public institutions, the private sector and civil society organizations on the recent global and regional trends in the agro-food sector. Multidisciplinary results reported during AGROSYM will contribute to the dissemination of knowledge and good practices to all actors of the agro-food chain (e.g. farmers, extension agents, researchers, policy makers) as well as the general public about the importance of agriculture and food science, one of the most important strategic areas of many national research strategies.

The 13th edition of the International Agriculture Symposium "AGROSYM 2022" made an important contribution to the agriculture practice in different areas. During the four-day Symposium (6-9 October, 2022), around 700 contributions were presented to more than 800 participants representing over 80 world countries. The 13th edition of "AGROSYM 2022" was held in a hybrid format, in-person and virtual via the ZOOM platform.

AGROSYM 2023 will deal with the following thematic areas:

- 1 Plant production**
- 2 Plant protection and food safety**
- 3 Organic agriculture**
- 4 Environment protection and natural resources management**
- 5 Animal husbandry**
- 6 Rural development and agro-economy**
- 7 Forestry and agro-forestry**

Official Symposium language:

The official Symposium language will be English.

Important dates:

Registration and abstracts submission	10 June 2023
Notification of abstracts acceptance	20 June 2023
Submission of full papers	30 June 2023
Notification of papers acceptance	15 July 2023
Detailed programme	15 September 2023
AGROSYM 2023	5-8 October 2023

Symposium venue:

Symposium will be held in [hotel Termag****](#) on Jahorina mountain, near Sarajevo.

Accommodation:

AGROSYM participants are advised to book their accommodation only in hotels listed on AGROSYM website ([link](#)) as free transfer service and special price rates are provided for Symposium participants.
