Dr. Ivana Stanković is co-author of multimedia textbooks of Plant Virology and textbook Plant Viruses of Field Crops, Vegetables and Ornamentals for students of the Department of Phytomedicine. She also participated in the development of two standard operating procedures, as well as in the implementation of the special monitoring of quarantine viruses, financed by the Ministry of Agriculture and Environmental Protection of the Republic of Serbia. As a mentor, she managed two doctoral dissertations, while she has participated in commission for the defense of 4 doctoral dissertations. She is a member of the APS, Plant Protection Society of Serbia, the Serbian Microbiological Society and the Serbian Society of Virologists.

Trainings	Branislav M. Stanković completed a training 1. USDA Certificate of training, Seminar on Life Cycle Swine Health and Risk Management, Novi Sad in 2006., 2. USDA Certificate of training, Seminar Health, Biosecurity and Milk Safety, Palić in 2007., 3. USDA Certificate of training, Swine Production HACCP Seminar, Kanjiža in 2007., 4. USDA Certificate of training, Seminar HACCP in Beef Farms, Ečka, in 2009., 5. RSPCA Certificate of training, Workshop Implementation of Animal Welfare Assessment Protocols on Farms, Ohrid, in 2010. 6. USDA Certificate of training, PADRAP Training, in 2012., and 7. Certificate of attendance Course Laboratory Animal Welfare, Belgrade in 2012.

Other relevant data:

Since 1995, within the 12 projects financed by the Ministry of Education, Science and Technological Development and Ministry of Agriculture, Water Management and Forestry of the Republic of Serbia, Branislav M. Stanković worked as a researcher (once as a Project manager) on the health protection, biosecurity and welfare and of farm animals, as well as 4 international projects regarding animal welfare and livestock farms biosecurity. He was the secretary of the Organizing Committee of The First International Conference on Welfare and Biosecurity on Farms in Serbia, held in 2007, and Organizing and Scientific Committee of The First International Symposium on Animal Science, held in 2012, at the Faculty of Agriculture, University of Belgrade.

Dr Branislav M. Stanković has published is the coauthor of more than 200 scientific papers, 1 textbook, 1 monography and 7 chapters of monographies of national importance. Branislav M. Stanković has reviewed more than 30 scientific papers for national and international meetings, as well as for the national and international journals, 1 technical solution, 2 monographies and 3 textbooks. In addition, he held lectures at the Agricultural and Food College in Prokuplje. He has been a mentor or a member of the commission for the defense od bachelor diploma work of more than 20 undergraduate students. He was a mentor of one master and one PhD dissertation, and a member of evaluation and defense committees of 9 doctoral dissertations, one magister thesis, 3 master's and 2 specialist works at the Faculty of Agriculture - University of Belgrade, and Faculty of Agriculture - University of Novi Sad.

Dr. Jelena Popović-Đorđević is a co-author of over 70 papers in international and domestic peer-reviewed journals, 8 chapters in books published by renowned international publishers, and 100+ papers and announcements at international and national conferences. She gave 4 invited lectures at international scientific conferences. She is the author of one textbook and three practicums for students at the University of Belgrade-Faculty of Agriculture. She was a member of the committee for the evaluation and defense of one doctoral dissertation, a member of the committee for evaluating the suitability of a candidate's topic for the preparation of a doctoral dissertation, a member of the committee-advisor in the preparation of 2 doctoral dissertations, as well as a member of the committee for the preparation and defense of several master's theses at the University of Belgrade, University of Niš, University of Urmia (Urmia, Iran) and University of Banja Luka (Banja Luka, BiH).	
She participated in the implementation of several national and international projects. She is a regular reviewer: for scientific papers in international scientific journals (50+), for international projects, and is an accredited reviewer of the National Body for Accreditation and Quality Control in Higher Education (NAT) and the Commission for Accreditation and Quality Control of the Republic of Serbia. He is a member of the editorial boards in several international scientific journals: <i>Phytochemistry Reviews</i> (Springer Nature), <i>eFood</i> (Wiley), <i>Turkish Journal of Agriculture and Forestry</i> (Tubitak), <i>Horticulturae</i> (MDPI), <i>Food Safety and Health</i> (Wiley), <i>International Journal of Plant Based Pharmaceutical Research</i> (IJPBP), guest editor of 9 special issues in international journals, and a member of the review board in <i>Plants</i> (MDPI).	
Dr. Jelena Popović-Đorđević was the chairperson at the international conference 1st European Symposium on Phytochemicals in Medicine and Food, and a member of the scientific committee at 4 international conferences. She received the award for outstanding contribution at the 5th International Symposium on Phytochemicals in Medicine and Food (5ISPMF).	
She is a member of the Phytochemical Society of Europe (PSE), the Serbian Chemical Society (SHD) and the Serbian Society for Water Protection (SDZV).

Other information you consider to be important	<p>She is the author and co-author of more than 200 scientific papers in total (100 peer-reviewed articles and 5 chapters), two technical solutions, 3 university textbooks, 2 student handbooks and 2 Strategic Research and Innovation Agenda. Her articles have been cited more than 1900 times, h-index is 25 (Scopus database). She held invited lectures at international workshops and international congresses/conferences, she has been a reviewer for more than 15 top scientific journals, technical solutions for the Ministry of Education, Science and Technological Development of the Republic of Serbia and a reviewer of EU Projects for MSCA - staff exchanges. She was a guest editor in the journals Biomolecules, Molecules, Chemistry and Biodiversity and a review editor for Food Chemistry in Frontiers in Nutrition. She participated in 11 national and 11 international projects concerning food science and innovation in the food sector. At the moment, she is a leader of the FUNPRO Project in a frame of IDEA program granted by the Science Fund of Republic of Serbia, a participant in a bilateral project with China and COST action CA20128, PIMENTO. She has been involved in organizing and scientific committees of international congresses and was president of the Scientific Committee of the UNIFood2020 and UNIFOOD2021 Conferences. She organized training workshops for traditional food producers and processors, industrial panels for SMEs on Food chain management and stakeholder workshops in a frame of TRAFOON, CAPINFOOD and SMARTCHAIN Projects. She is a founder and member of the Serbian Association of Food Technologists (SAFT), a member of Serbian Chemical Society, the Serbian Nutrition Society, COLOSS, the Commission for standards and related documents KS E275, Food analysis-Horizontal methods of the Republic of Serbia and the international organization for standards for bee products ISO/TC 34/SC 19 Bee products. She is GHI Ambassador for Serbia. She has engaged as a mentor of 3 PhD and 7 MSc theses and experimentally contributed to a total of 12 PhD and 6 MSc theses.</p>

Other information you consider to be important: Assistant editor in the journal *Heliyon* (M22) for the field of Food Science. Member of the editorial board in the journal *Chemistry & Biodiversity* (M22). Guest editor in several journals from the SCI list in the period 2020-2023. Reviewer in a large number of scientific journals on and off the SCI list with over 700 reviews done and verified by Web of Science (WoS). During 2019, selected in the top 1% of reviewers by the Web of Science (ex Publons) database for the fields of Multidisciplinary studies and Agriculture. Editor of a book on pollen chemistry and biotechnology published by a world-leading publisher.

Trainings	<p>Prof. Slavča Hristov completed a training at the Institut für Anatomie, Physiologie und Hygiene der Haustiere der Rheinischen Friedrich-Wilhelms-Universität Bonn, during two months in 1989, and study visits in Sweden, Switzerland and France. Also, he has completed numerous national and international trainings in the field of animal hygiene and health care, animal behaviour and welfare, farm biosecurity, agricultural situation assessment in villages, improvement of teaching and research academic skills in agricultural sciences, production and certification in organic agriculture, HACCP on farms dairy cows, HACCP on farms of fattened cattle, protection of animal welfare and organic agriculture.</p>
Other relevant data:	<p>Within the 12 projects, financed by the Ministry of Education, Science and Technological Development of the Republic of Serbia, and several years of research, in the period 1989-2018, Dr. Slavča Hristov worked as a manager and/or researcher on the standards of welfare and biosecurity of cattle, pigs, sheep and goats, laying hens and broilers. He was the President of the Organizing Committee of The First International Conference on Welfare and Biosecurity on Farms in Serbia, held in 2007 and the President of the Organizing and Scientific Committee of The First International Symposium on Animal Science, held in 2012, at the Faculty of Agriculture, University of Belgrade. Dr Slavča Hristov has published more than 330 scientific papers, 35 independently and over 295 in collaboration with other authors. He participated in more than 65 scientific and professional meetings in the country and abroad. Also, he is the author of 5 textbooks and 6 monographs used by students at different degrees of study. Dr Slavča Hristov has reviewed more than 65 scientific papers of authors at national and international meetings, as well as authors in national and international journals. He held lectures at the Faculty of Agriculture in Novi Sad, the Biotechnical Faculty in Podgorica, the Faculty of Agriculture in East Sarajevo and the Agricultural and Food College in Prokuplje. He has been a mentor or a member of the commission for the defense od bachelor diploma work of more than 100 undergraduate students. He was a mentor of one magister, one master and one specialist, and a member of evaluation and defense committees of 7 doctoral dissertations, 18 master's and 4 specialist work at the Faculty of Veterinary Medicine and Faculty of Agriculture, University of Belgrade, Faculty of Agriculture, University of Novi Sad and Faculty of Agricultural Sciences science and Food from Skopje. Prof. Slavča Hristov led the preparation of 8 doctoral dissertations as a mentor.</p>

Zeljko Dolijanovic published and announced himself and in cooperation with other authors over 350 scientific papers. He participated in the realization of a total of 18 scientific and professional projects. He published 4 university practicum, one national and one prominent national monograph, four chapters in international monographs and one textbook. He is the winner and holder of the diploma "Student Generation of the Faculty of Agriculture" (1998), special diploma awarded by the Foundation "Nikola Spasić", as the best graduate student of the Faculty of Agriculture in the school year 1996/97. He received a one-time scholarship from the Ministry of Science as the best assistant at the Institute for Field Crops for 2001. The master's thesis was awarded in 2004 (On the occasion of the 100th anniversary of the birth of Prof. Lazar Stojkovic) with the award of Professor Lazar Stojkovic for 2003, awarded by Matica Srpska to young scientists in the field of agroecology and agroecosystems every four years. He is a member of the Agronomy Society of Serbia, Weed science society of Serbia, of Matica Srpska and a member of the Serbian Soil Tillage Research Organization. In the previous work, Dr. Željko K. Dolijanovic was a total of 59 times mentor (2 PhD dissertations, 17 master and 40 graduation papers) and 62 times a member of the Commission (14 PhD dissertations, 27 master and 21 graduation papers). He is currently mentor of three PhD dissertation, 6 master and 3 graduate papers that are under construction.
